OptionsCity™: an Approved CBOE Vendor

OptionsCity™ is an approved vendor for trading and market making on the Chicago Board Options Exchange (CBOE).

Chicago, May 12, 2008 – OptionsCity™ is proud to announce that the certification process for the Chicago Board Options Exchange (CBOE) has been completed. OptionsCity is now an approved vendor for trading and market making on the CBOE. The SPX is the first product OptionsCity will roll out. OptionsCity looks forward to a great relationship with the CBOE and its members.

In the first phase of deployment OptionsCity will roll out software to a group of SPX traders with plans to expand to other markets promptly after. The trading platform can be used by floor traders as well as off floor traders.

“Trading organizations have and continue to recognize the value of the automated trading and market making platform provided by OptionsCity in increasing their efficiency and profitability,” said Hazem Dawani, CEO of OptionsCity.

OptionsCity Metro is a fully configurable electronic trading platform that creates a distinctive edge by enabling options traders to have full control over trading, safety and risk management. This state-of-the-art solution will enable CBOE traders to leverage their trading knowledge and expertise into increased profits. OptionsCity Metro utilizes the latest developments in technology to present a distinct solution. It is user-friendly, flexible, and powerful, encourages dynamic quoting, scales well, and has performance at its core. Designed with traders in mind, OptionsCity Metro offers a configurable solution which caters to the traders' changing needs and empowers traders to trade with simplicity using the innovative tools it provides.

The OptionsCity team dedicates itself to serving traders, offering a flexible solution which not only caters to their changing needs but also empowers them, using intuitive tools, to trade effectively and with simplicity

OptionsCity is a certified ISV (Independent Software Vendor) on the CBOT, CME and NYMEX and is now a certified ISV for the CBOE.
